11. Markings

Horse has no markings Horse has dorsal stripe Eye Color _____
 Left right
 Mane color _____ Tail color _____ Brands and/ or scars _____
 Description of markings _____

PHOTOGRAPHS:

Four quality photos of the horse must accompany the application: one front, one back, and one of each side. These may be printed photos, on a flash drive or emailed to dna.registry@yahoo.com. This media becomes property of ADNAR and will not be returned to you.

TIPS:

- Choose a non-distracting background
- be sure the horse's stance is somewhat even
- do not cut out any part of the feet, legs, head, or ears
- include a close-up photo of any brands
- 3/4 view photos are good for use on the certificate. Otherwise, a side view will be used

12. Breed (or suspected breed(s))

13. Hair sample

- I have included a sample w/ app
- Pls email me a submission form & I will mail the sample to the lab
- None- I already have a DNA report for this horse (include w/ app)

 Do not send cash
 Please remit cks and money orders to:
ADNAR
PO Box 693
Proctor, TX 76468

IMPORTANT INFORMATION:

Fill out the application completely (there are 14 sections) and get 4 photos of your horse (front, back, and each side). Upon completion, they may be returned via email or postal mail. The fees are all inclusive: there are no memberships and the cost of the DNA test for the horse being registered is included. Additional DNA kits for sire, dam, or donor (clone) may also be added to your order, if needed.

What to expect:

- Once we receive the completed application and payment, we order a parental verification DNA test for your horse. In some cases, it will be PV for one or the other parent; rather than both.
- You will receive the submission form via email within 2-3 business days from when we receive your application.
- You print off the form and mail the hair sample directly to the lab for processing.
- If you are submitting your registration application via postal mail, you may include the hair sample and we will send it to the lab for you.
- The lab sends us the report with the results.
- We are then able to complete and issue your horse's registration certificate which will arrive via USPS.

Let us know if you have any questions. We look forward to welcoming you and your horses to our organization!

YOUR HORSE **DESERVES** TO BE REGISTERED!
